Charter schools strengthen California's school system by offering more kids a great public education that puts their needs first. It's time for the Legislature to stand for ALL students! [Learn how you can make a difference in the Capitol.](#)

Hi Chris and Josue,
I can't recall if we let you know or not but we did get the planning grant from GPSN!
Thanks for your support on that! So now we're on to the actual work.
I'll be in touch with you in the coming weeks on the petition development to get your thoughts.

Thanks again.
